Department of Health and Human Services

Kalamazoo County September 12, 2017

Overview

DHHS-Kalamazoo County

The Department of Technology, Management and Budget, Real Estate Division, is seeking lease proposals on behalf of the Department of Health and Human Services to support the DHHS Kalamazoo County District Office as well as added services such as Michigan Rehabilitative Services (MRS) staff and community partner relationships.

This document outlines the square footage requirements for the DHS district and supporting staff, as well as their requirements of a facility. Vestibules, restrooms, janitorial closets, lessor mechanical and data rooms, etc. are *not* included and will require additional space. These needs are dependent on code requirements and the physical space being proposed; therefore, they cannot be defined at this juncture. It is incumbent upon the lessor to understand how codes and the number of floors would impact the size and quantity of areas such as vestibules, restrooms, janitorial closets, and mechanical/electrical rooms for the space proposed. It is also the lessor's responsibility to submit a proposal based on *all* the criteria included in this document as well as DTMB's Standards and Specifications (see attached).

Design and construction requirements for this project are contained in the DTMB Office Tenant Fit-Out Design and Construction Standards (for use in existing buildings), the DTMB New Office Building Design and Construction Standards (for use in major renovations, additions, or new construction), the Department of Health and Human Services (DHHS) Supplemental Building Standards, and the Project Component Checklist.

Overall Interior Requirements

DHHS-Kalamazoo County

The staff supporting DHS's Kalamazoo District office, other DHHS Divisions (MRS, BCAL, Adult Services and community partnerships) and Community Health staff housed in the Kalamazoo location requires 64,674 square feet for their program needs. Although it is incumbent upon the lessor to understand how codes and configuration of the proposed space would impact the size and quantity of vestibules, restrooms, janitorial closets, and mechanical/electrical rooms, DTMB is anticipating these needs will be an additional 8-10% of the tenant's program needs. Under optimal conditions, DTMB would expect a proposed facility to fall within 69,848 to 71,142 square feet.

Division Analysis

DHHS-Kalamazoo County

A **Division Analysis** has been developed for each division or group that will be included in the Department of Human Service's Kalamazoo County location. Please focus on the highlighted items in these documents *only*. The highlighted items are noting items that impact the space, such as conference rooms or floor-to-ceiling offices. Anything requiring a door, special power, or a concentration of weight (floor load) will be highlighted.

Each analysis is two to three pages depending on size of the group and will be in the following order:

DHHS District Office

DHHS BCAL-Bureau of Children and Adult Licensing

DHHS OIG-Office of Inspector General

DHHS Adult Services

DHHS Community Partners

DHHS MRS-Michigan Rehabilitative Services
